

## Programs with Purpose

At Reptile Encounters our mission is to be a voice for those that don't have one. Our up close wildlife experiences create lasting memories and inspire students to take an interest in the natural world. Our goal is to create a generation of "Better Humans"!

Through our partnership with B1G1 (Buy1Give1), Reptile Encounters is embedding giving into our business and is committed to being a BUSINESS FOR GOOD. B1G1 does all the hard work by vetting projects around the world that are contributing to making the world a better place.

Our big, hairy, audacious goal for 2019 is to provide 2000 awesome wildlife incursions into schools around Melbourne - and for every single incursion we do, we will plant a tree in the stunning Daintree Rainforest.

Josh Cox  
Director

2000 Programs = 2000 Trees

# Book Reptile Encounters Today!

## Wild School Events

Captivate audiences at your next special event with amazing Australian animals. Perfect for Science Week, School Fetes and End-Of-Year Programs. Choose from our seven educational shows or our enchanting stage show!

## Birthday Parties

Perfect for children from pre-school to early teens. Our birthday party shows give kids the chance to see, touch and feel a variety of Australian wildlife including crocodiles, frogs, snakes and lizards. Reptile Encounters show bags also available.

## Corporate Events & Shows

Invite Reptile Encounters to your next corporate function, festival or shopping centre event. Spice up your product launch, staff party or cocktail function with the appearance of tame and friendly Australian wildlife. Birds, snakes, lizards, even crocodiles... A fun, unique and enthralling experience for people of all ages.

## Australian Reptiles

This hands-on show will captivate children as they learn about the weird and wonderful characteristics of Australian reptiles. Find out why lizards poke out their tongue, why turtles hide in their shell, and how many teeth a crocodile has! Everyone will have the chance to interact with spiny-leaf insects, frogs, turtle, shingleback lizard, dragon lizard, pythons, and even a crocodile. You won't believe your eyes!

## Insects & Minibeasts

Children will be amazed as they discover the fascinating world of insects and minibeasts. Your class will meet a large range of Australia's native invertebrates as we move through the different groups, some of which can be found right in their own backyard! Learn how many legs an insect has, why a hermit crab carries a seashell around, and how to be safe around spiders. Meet insects, arachnids, crustaceans and myriapods, and learn about what makes them unique and fascinating!

## Feathers, Fur & Scales

In this program children will explore the differences between feathered, furry and scaly creatures. The show is a tactile experience as children get hands-on with our amazing native animals. What does it feel like to touch the fur of a possum or the scales of a turtle? Everyone will get an up-close look at one of our hand-raised marsupials, cheeky rainforest parrot, freshwater turtle, shingleback lizard, goanna, pythons, and even a crocodile! Learn about what they eat, where they live and more. Imagine the reaction!

## Stars Of The Sea

In this amazing show, children will get their hands wet learning about our fascinating marine life. Explore the rockpools and find out why sea urchins have such sharp spines, how pufferfish puff up and why the male seahorse is such an amazing dad! Discover what lives in our very own Port Phillip Bay; sea stars, elephant snails, sea urchins, octopus, seahorse, spider crabs, puffer fish, stingrays, and even a Port Jackson shark.

As much fun as a day at the beach!

Remember to check out our all new website
